Attention Kirtland College Students

Crawford County Public Transit (Dial-A-Ride) is contemplating making a trip to Kirtland College twice a day.

The bus will leave Grayling at 8:00 a.m., arriving at Kirtland College at approximately 9:00 a.m., and again in the afternoon at 2:30 p.m., arriving at Kirtland at approximately 3:45 p.m.

Anyone wishing transportation can call 348-5409 for further information. Since the amount of ridership regulates the scheduling, this notice could be subject to change depending upon the demand.

Dial-A-Ride May Make Gaylord Run

Through the cooperation of Gaylord's bus and Crawford County Public Transit, a bus run is being planned to Provincial House in Gaylord for Senior Citizens twice a week, Tuesdays and Thursdays at a selected time, departing in the morning and returning in the afternoon. The bus would leave Grayling and take passengers to Stuckey's 76 on the Otsego-Crawford County line where a transfer to Gaylord's bus would continue the run to Provincial House.

The procedure would be reversed in the afternoon, with Gaylord's bus picking up passengers at Provincial House for the trip back to Stuckey's 76 where Crawford County Public Transit would return passengers to Grayling.

This would be a good opportunity for you to visit friends and relatives at Provincial House for a small sum of \$1.80 for a round trip. So if you are interested, please call 348-5409 for further information. Five or six people are required in order to justify making the run.

First Aid Course - Basic

Mercy Hospital will sponsor a nine week basic first aid course beginning October 2, 1979. This course is endorsed by the American Red Cross and is being made available to the public. A maximum enrollment of 20 students will be accepted.

The classes will be held in the north wing building of the hospital one night a week from 7:00 p.m. to 10:00 p.m.

Initial enrollment must be made on Tuesday, October 2. The cost for materials for this program will be \$4.00 per student.

Anyone that would like further information are asked to please contact Tony Doremire at 348-9971.

Sheriff Reports "Average" Week

The Sheriff's Dept. termed last week's departmental activity "average for this time of year", investigating some 80 complaints in the county.

A review of the log revealed 10 breaking & enterings, 9 larcenies, 2 malicious destruction complaints and 6 traffic accidents, one a car-deer collision. The volunteer ambulance crew was called out on seven occasions during the week.

Thursday Last Day To Register For Adult High School

The last day to register for Adult High School Completion classes at Grayling High School is Thursday, September 27. Any area adult who does not have a high school diploma is invited to register for classes free of charge.

Each of the classes sponsored by the Grayling Community School Office will provide the adult student with one credit toward their eventual graduation from high school.

Classes offered this semester are, English and Secretarial Training on Monday evenings; Government and Conservation on Tuesday Evenings; American Literature and Basic Math on Wednesday evenings and American History and Woodshop on Thursday evenings.

All classes begin at 7:00 and meet for three hours, one night each week.

For more information or to complete registration, interested adults should contact the Community School Office at Grayling High School.

March of Dimes Super Walk

Don't forget to sign up for the SUPER WALK this Saturday, Sept. 29th at 8:30 a.m. at the Eagles Club parking lot. Awards will be presented, and McDonalds have donated several "Big Mac" certificates. For further information call Sally Hartig at 348-9544 after 5:00 p.m.

PSAT/NMSQT Exam Oct. 23rd at GHS

Chris Smith, guidance counselor at Grayling High School, has announced that sophomores, juniors, and some seniors will be able to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) this fall. The test, co-sponsored by the College Board and National Merit Scholarship Corporation, is an important step in making college plans.

Scheduled for October 23, at Grayling High School, the PSAT/NMSQT measures verbal and mathematical aptitude—two abilities important in doing college work and gives students a chance to find out what the Scholastic Aptitude Test (SAT) is like.

By taking the PSAT/NMSQT, students can enter the competition for scholarships administered by the National Merit Scholarship Corporation and ask to participate in the College Board's Student Search Service, which gives students an opportunity to hear from colleges that they might not otherwise know about.

With their score reports, students receive a copy of See GHS Exam on Page 11

CETA Funded Project

Hiking-Ski Trail Opens Near Here

by Joe Schrader

It began with an idea that sprouted in the mind of North Higgins Lake State Park Manager Bernie Williams some two years ago. Traversing the expanse of the State Park, Williams carefully mapped a plan to provide a scenic trail system for hikers and cross-country skiers, one that would loop some eight miles thru the park's natural environmental beauty.

The trail, three miles now finished and open to the public, adds another dimension to the outdoor recreation movement which has become so popular in northern Michigan.

The project, which exposes even more of Michigan's natural beauty to the public, became a reality through the cooperative efforts of County officials, the State Dept. of Parks and Recreation, and the Northeast Michigan Manpower Consortium who administers the Comprehensive Employment Training Act (CETA).

The latter agency arranged for the funding so that CETA employees could be used on the project. The only expenditure for the area is a nominal clerical cost.

But it took a lot of time and effort on William's part to get the gears in motion. He submitted his plan to the State for consideration and it was okayed. Armed with that stamp of approval, he made a formal request to CETA's Onaway office where Sally Rushton, Public Service Employment Administrator and her Assistant, Barbara Joppich took over. The request was carefully analyzed to be certain all the agency's necessary criteria were met. "A Title VI project request like this must show that it will provide a service to the public," Sally explained. It did and was approved for

funding by the CETA Board of Directors.

All the arrangements for providing CETA employees for the project were made by Carol Suffield, Crawford County Coordinator, whose office is located in the County Building. Work began last November. "We usually have a working crew leader and five other employees busy on the project throughout the week," explained Williams, "and we worked throughout last winter clearing and brushing the trail. Since then we've been adding the final touches."

The first 3-mile loop called "The Bosom Pine Trail" has now been completed and hikers can see Hiking-Ski on Page 12

On I-75 Business Loop

Reduced Speed Limits Likely

By Joe Schrader

The City Council met in regular session Monday night and, following routine business matters, turned to items on Monday's agenda.

City Manager Jerry Morford advised the Council that he had received a letter from Fred Egan, Highway Dept. District Engineer, indicating agreement to lower speed limits on certain sections of the I-75 business loop through the city. The recommendations have been sent to Lansing for consideration and, according to Morford, approval from the State are likely. The changes would be as follows:

- Reduce speed limit on the section from Cornell Realty south past the

shopping center from 55 mph to 40 mph.

- Reduce speed limit from M-72 east to Peninsular St. from 40 mph. to 30 mph.

Cong. Davis' Aide Here Oct. 2-3

Marquette-Congressman Bob Davis' District Representative Mr. Charles P. Goddeyne will be in Crawford County on October 2 and October 3, 1979.

Any citizen wishing to discuss a matter involving federal, state or local government is invited to visit with Mr. Goddeyne at this time. No prior appointment is necessary.

Mr. Goddeyne's office hours are as follows:

Tuesday, October 2: 1:00 p.m.-3:00 p.m. Lovells: at the Lovells Township Hall. 3:30 p.m.-4:30 p.m. Frederic: Frederic Township Hall.

Wednesday, October 3: 9:00 a.m.-11:30 a.m. Grayling: at the Crawford County Courthouse.

Lovells Club To Meet

The Lovells' Hook and Trigger Club will hold its regular meeting on the 2nd of October, Tuesday at 7:30 p.m. at the Town Hall.

The guest speaker will be a Sheriff's Department Deputy, who will give a talk about narcotics.

Entertain Cheboygan Friday Vikings Blank Boyne, 26-0

By Joe Schrader

The "Green Machine" made it three in a row last Friday night at Boyne City, shutting out the Rambiers, 26-0 in an MHS conference encounter. The victory marks the third in a row in as many tries for the Vikes, launching them to one of the best seasons starts in recent memory.

"The kids are improving every game," Head Coach Bill Klinger said while savoring the victory, "we're eliminating mistakes and capitalizing on opportunities." Grayling will play host to the Cheboygan Chiefs (3-0 this year), a team considered along with Gaylord a pre-season favorite to capture the conference crown.

The Vikings rolled up 254 yards against Boyne City, 171 on the ground and 83 yds. through the air. The menacing Grayling

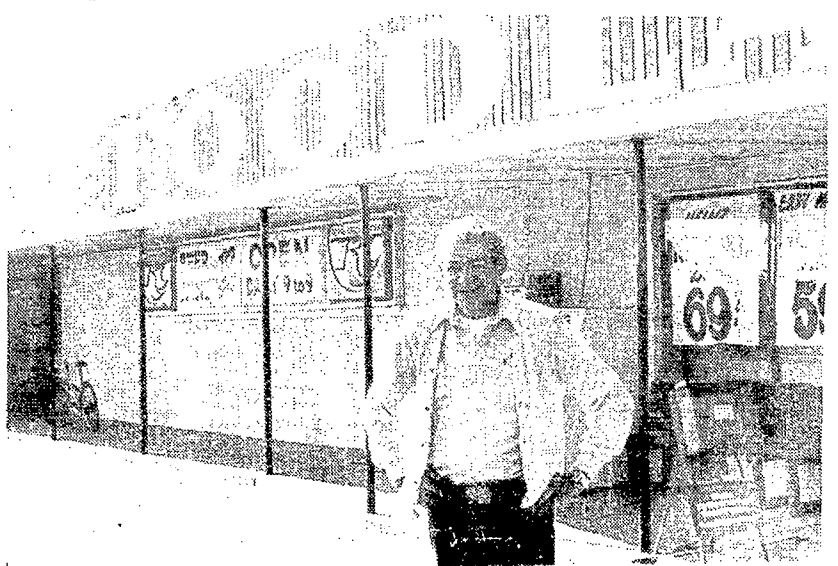

defense choked off Boyne City's offensive efforts throughout the contest while maintaining its unscathed-upon status.

Grayling struck early on a picture-perfect pass from Jr. Quarterback John Junttila to Billy Lucksted who hauled in the aerial on the 50-yd. line and romped untouched to paydirt. The extra point was missed but with six minutes left in the quarter, the Vikes were out in front, 6-0. "It was a perfectly executed play," Klinger said about the TD aerial, "straight off the blackboard. It really took the wind out of Boyne City's sails."

Four minutes into the second quarter, the Vikes upped their lead when Billy Lucksted scored on a 38-yd. run, the second of his four TD's for the night. Jay Schrader booted the x-point and the Vikes held a comfortable, 13-0 lead at

Black & White Foodland Changes Hands

by Joe Schrader

Tom & Mary Kelley recently assumed ownership and management of the Black and White Foodland, a locally-owned supermarket, purchasing the business from the Wilson family of Grayling.

The late Arlie Wilson and his son, Jack, moved to Grayling from Alpena and opened and operated the business the past 23 years.

Kelley indicated in a recent interview

that he and his family arrived here from another small community downstate and plan to continue the business in the same excellent tradition and reputation it has earned over the years.

Their children include Ginny, 13, a son, Tom, working in Detroit and Pat, residing in the Detroit area as well.

Kelley was previously associated with the Canada Dry Bottling Co., and Sirois Brewery Co.

A Night of Evangelism at St. Mary's Family Center

By Walt Nowak

St. Mary's Parish of Grayling is sponsoring "A Night of Evangelism" on two successive nights, Oct. 2nd and 3rd at the St. Mary's Family Center. The speaker for the two evening programs is Sister Margarita, Roman Catholic Nun of the Sisters of St. Joseph of California. She is an inspired teacher who reaches down into the very depths of one's soul and shows us gently how to apply God's will to our

daily lives.

She is charismatic in every sense of the word, she is vibrant, bubbling over with good humor and the joy of the lord, but never afraid to speak forth the word of the lord, whatever his message for us may be.

St. Mary's extends an invitation to everyone in the area to attend this inspiring meeting. Sister Margarita, has in the past, been sponsored by the Charlevoix area christian women and has been invited to return again this year for the fall Women's Day of Renewal meeting at the reformed church in Charlevoix.

Sister Margarita's background is varied, a first grade teacher for 23 years, she has also taught tech-

Rosa Christenson, who arrived at the age of 93 years on September 23, 1979, was the guest of honor at an Open House on Sunday afternoon. Many friends came to greet her on a beautiful fall afternoon to wish her many more years of good health and to enjoy refreshments and birthday cake at the home of her daughter and husband, Bob and Fay Bovee on Ingham Street. Rosa would like to thank all of her friends who came, called, and sent cards.

Red Cross

(Continued from Page 1)

The total is \$5494-\$190 more than was contributed last year—an increase of 3.4% less than half the inflation rate. But, almost a \$1000 of last year's contributions came from a generous Corporate Gift from Bear Archery and generous individual gifts from key Bear executives, and they aren't here any more.

If every Good Neighbor who supported Red Cross financially last year repeated their gift this year, another \$1200 still must be forthcoming if these necessary Services of Red Cross are not to be cut.

American Red Cross will be 100 years old during the next fiscal year and that will be Crawford County Chapter's 64th year of continuous service to the people of this County.

We trust the Good Neighbors of this community will not let this Chapter fail to meet its Service obligations in this crucial year of it's proud history!

In the coming issues of The Avalanche we will detail each of the vital Services that American Red Cross renders so there will be no doubt as to why Red Cross truly deserves your generous financial support.

Contributions should be sent to Crawford County Chapter/American Red Cross Rt. 2, Box 2515, Grayling, 49738.

• Reduce speed limit from Peninsular St. to North city limits from 55 mph. to 40 mph.

Morford indicated that a decision is expected within 45 days. The recommendations to lower limits followed an extensive study made by Police Chief Pete Stephan late this summer regarding traffic flow and accident frequency along the loop. Other items discussed by the council included:

• The deficit of \$3000 facing the Commission on Aging because of the county's withdrawal from participation. In an effort to assist, the city passed a motion to pledge \$400 to the fund.

• City Manager Morford updated the status of two annexation proposals now in the hands of state officials in Lansing. The State Boundary is expected to make final decisions on each of the two petitions by year's end.

• Council discussed replacement of the street sweeper and Morford was directed to obtain prices from various manufacturers.

• Morford advised the Council that a design study is needed prior to final planning of street improvements for next year. The street construction fund has \$319,000 in its budget (from income tax and revenue sharing monies).

• Morford discussed use of punch card voting machines with the city's share of the costs involved amounting to an already-budgeted \$3000.

Morford advised the Council that the fence behind Scheer Motors is now up and considered acceptable at no cost to the city.

• Councilman Bob Golic reported on the Michigan Municipal League convention he had recently attended.

• Council passed a motion to go on record as opposing House Bill 4611 re: Boundary Commission.

From Our Corner ...

Just in case you didn't know, we thought we would bring you up to date on important things that will be happening during the month of October...we hope it will be as nice as September has treated us.

On Oct. 1st it's Universal Children's Day...we thought every day was their's...Oct. 1-7, Employ the Handicapped Week, it's my only salvation...Oct. 1-31, National Restaurant Month, be kind to the Chef or he'll burn your steak...Oct. 7-13, Fire Prevention Week, don't smoke in bed during this week...Oct. 7-13, National Newspaper Week, be kind to all newspaper boys, especially Editors...Oct. 7-13, 4-H Week (see how important newspapers are, 2 others have taken over our week) any how join, this is a great organization...Oct. 12, Columbus Day, not being prejudice for our ethnic group we prefer to celebrate Lief Erickson's Day...Oct. 24, United Nations Day, Russia must have vetoed something on that date to even put in on the calendar...Oct. 28, Mothers-in-Law Day, this one we won't touch with a 10 foot pole...Oct. 28, Standard Time returns...you get to sleep one extra hour that day...Oct. 31, Halloween, unless you're a spook or goblin, it's a good night to stay home.

Presidential and other important people's birthdays during the golden month of October.

Jimmy Carter, October 1, 1924; Rutherford B. Hayes, October 4, 1822; Chester A. Arthur, October 5, 1830; Theodore Roosevelt, October 27, 1858; Cory Neilson, October 29, 1978; Dane E. Madsen, October 29, 1948; H.D. Madsen, October 29, 1921; John Adams, October 30, 1735.

We haven't seen a football game yet this year but what we hear the Vikes are for real...we join the anonymous sports booster that put the ad in this week's edition that appears on page two...to the coaches and players keep the momentum going and show the Cheboygan Chiefs where Vikingland is...

If our schedule permits, we plan on being at the game Friday...nothing would be better to watch than a Viking scalping a Chief...

We talked to our Nevada family last week...everything is fine with Dane, Cyd and Amber...while we were talking Cyd asked what the temperature was here, our answer a chilly 40...she told us it had finally cooled down to 95 from 105...

An idle thought...wouldn't it be nice if some one would come up with some way to bottle that heat and send it up to Michigan during January, February, and March...

We were talking to one of our readers a couple days ago while at the post office...he remarked, I don't know why you come out and say there is nothing to write about when there is all this and that going on...we tried to explain, he was right in his thoughts, but it would be hard as hell to back up our remarks in court...and we are not quite ready to be sued again...

We had a peak inside of the bastille during Milltown Festival and we are not prepared or wish to take up one of Kojak's Kots...

An idle thought...I wish this turkey was completed, and we could get home and watch the Monday night football game.

Another idle thought...if we had thought earlier, we could have had this gem set in 14 point instead of 10 point, then we could have gone home an hour ago...

The two above thoughts should tell you something...it doesn't take hardly anything to be a dense Dane...we're heading for the wagonshed...so we will just say good night to T.J., Stef, and Amber where ever they are...and hope all of you who have struggled through this ordeal will have a beautiful weekend...we don't have to any left during the 1970's...

From Calvary Baptist Church

Foolish Galatians

Corrected

Galatians 3:5-9

Last week we saw the apostle Paul rebuke the Galatian Churches for turning from the Gospel of God's Grace, back to a salvation of works. He corrects them by pointing to the examples of men they respect in the faith. He reminds them first of their local pastor in verse 5, and then of their great patriarch Abraham in verses 6 through 9.

Paul asked the churches by what power their own pastors ministered, either by "the works of the law" or by faith, believing God's word. "He therefore that ministereth to you the Spirit, and worketh miracles among you, doeth he it by the works of the law, or by the hearing of faith?" Verse 5.

Next, Paul reminds them that Abraham by simply believing God's word or promises was declared righteous before God: "Even as Abraham believed God, and it was accounted to him for righteousness." Verse 6. Romans 4:3 also says: "For what saith the scripture? Abraham believed God, and it was counted unto him for righteousness." Paul goes on in Romans 4:4 to remind us that we are saved by grace because if works saved us it would be God paying us a deserved debt: "Not to him that worketh is the reward not reckoned of grace, but of debt." Paul goes on to say in Romans 4:5 that an ungodly sinner who offers no works at all for salvation will be declared righteous because of his faith in God's Word: "But to him that worketh not, but believeth on him that

justifieth the ungodly, his faith is counted for righteousness."

We are all reminded in Galatians 3:7 that all who claim to be saved by faith alone in the finished work of Christ are called sons of Abraham: "Know ye therefore that they which are of faith, the same are the children of Abraham." The same thought is even clearer in Romans 4:16: "Therefore it is of faith, that it might be by grace; to the end the promise might be sure to all the seed; not to that only which is of the law, but to that also which is of the faith of Abraham; who is the father of us all."

This great example of salvation by grace through faith alone without human works, makes Abraham not only the father of faith for the Jews and Galatians, but for all nations of the world: "And the scripture, foreseeing that God would justify the heathen through faith, preached before the gospel unto Abraham, saying, In thee shall all nations be blessed."

Therefore, from Abraham down through the law and into the church age, all people who receive the blessing of eternal salvation must be saved the same way, by faith alone in God's grace: "So then they which be of faith are blessed with faithful Abraham." (adv.)

RCMS-AC Annual Membership Drive
The Roscommon Chamber Music Society-Arts Council will meet on Wednesday, Oct. 10, at 7:30 p.m. at the Congregational Church in Roscommon, for their annual membership meeting. Refreshments will be served, all members, guests, and would be members are urged to attend.

The RCMS-AC is launching a campaign to increase its membership so that it may better serve the Roscommon, Houghton Lake and Grayling area. The organization recently held its tenth annual Fine Arts Festival and is looking forward to many more such events.

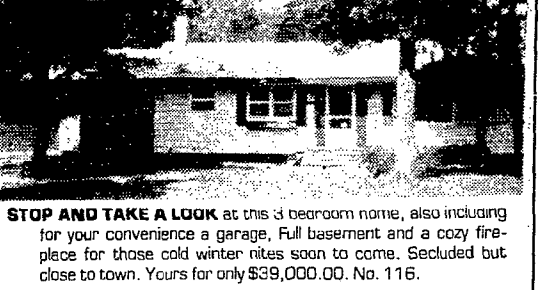

Your membership in the RCMS-AC supports these coming events; Interlochen Student Art Exhibit, The Detroit Youth Theatre, Interlochen Student Dance Troupe, Meadow Brook Theatre, Art-in-the-Park, The Blue Lake Youth Exchange Program, The Northwood Symphonette, and a most generous scholarship program.

The Arts Council also has supported Public television and radio stations, the Roscommon Rotary Club's efforts to bring the Tommy Dorsey Band to our area, and the AAUW used book sale. For two years now the council has backed adult classes in painting and Calligraphy. They have in the past backed local residents in their artistic endeavors by supporting their concerts and publications, and wish to carry on in this manner.

AARP News
The Crawford County Chapter No. 1681 of the American Association of Retired Persons held their September meeting at Lucille Hoffmann's Hostel on beautiful Blue Lake. Twenty six persons attended, and a bountiful pot luck lunch was enjoyed by all; coffee and dessert was furnished by Lucille and Frank Hoffmann.

After a short business meeting conducted by the president, Ed Lobdell, some of the members took a hike in the woods to see the fall colors.

Frank Hoffman played the Zither and sang for us and it was a memorable afternoon for all who attended. Next meeting will be October 22nd.

Jaycee Cornroast Huge Success
The first Annual Jaycee Cornroast came off with a bang. The weatherman was with us all the way and the spirit of fun took over.

Anyone who was present will agree that the rock and roll of Diamond Willow absolutely blew the roof off the NCO Club at the Camp. Their music truly made the party.

The Jaycees signed up some new members during the day and are looking for more young men 18-35. If you're not a member you just don't know the fun and personal development you may be missing, not to mention the helping hand our community needs.

Call 348-5451 and ask for Brad. You won't be sorry.

THOUGHT FOR FOOD By GUILD CROOK

Economical Living
No more of any article for consumption should be purchased than necessary for the number constituting the family. Many things for the table are excessively high in certain seasons. Bring into use what is more readily procurable, by varying the manner of cooking it, serving it up in different styles. The art of cookery is a high sounding phrase to some, and yet it means merely the exercise of a little taste and judgment, the putting together of what materials one has with good results.

When the housewife acquires the habit of making the best use of all she possesses, she will then be economical, without being stingy, liberal without wasting, and will learn how to prepare tasty meals and as good or better than expensive ones.

Hopefully the residents of Grayling will look at this matter with an open mind and see the students' point of view. Remember the election on October eighth and get out and vote "YES".

Thank you,
Jane Stamm

Publication Available Here For Compared Gov't. Spending

How your local tax dollars are spent becomes easier to evaluate with a new Michigan State University publication.

The expenditures and revenues of 72 counties, 1009 townships, 222 cities and 216 villages can be compared in "Local Unit Fiscal Reports", an 88-page summary prepared by MSU's Institute for Community Development in cooperation with the Michigan Department of Treasury.

Citizens will be able to join state and local officials and students of government in studying revenue and spending patterns, thanks to the publication's low-cost format. And, according to Leo E. Lovely, Crawford County Clerk, copies of the reports are available at the Clerk's Office, Court House, for \$1.00.

This unprecedented summary offers information on local unit revenues in categories—taxes, licenses and fees; state and federal grants, special assessments, etc. Expenditures are reported for 18 categories—public works, courts, police, fire, parks and recreation, health, etc.

Because this is the first such summary ever compiled and published in Michigan, Dr. Robert C. Anderson, director of the Institute, cautioned readers not to use the data to make hasty judgments. He suggests that if readers discover sharp differences between their unit's revenues and another similar unit's, for example, they ask local officials for explanations.

Recognition of the value of providing government officials with comparable data to use in making public service decisions prompted the Institute to undertake the large and

complex summary. Institute financial management specialist, John Wolenberg, designed the report forms and summary format.

Personnel in 80 percent of Michigan's local units cooperated in completing the reports. The Department of Treasury approved and administered the data collection forms.

New Business Opens Near Grayling

A new business venture, called Bob White's General Store, has opened for business some eight miles west of Grayling near the Manistee River. According to owner Bob White, the store features a combination of items including antiques, used furniture, old collector items, dishes, magazines, old tools, etc.

Formerly of Flint, White has lived the past eight years in the Grayling area and has worked for Jansen Plumbing & Heating, McLean's Promart and AuSable-Manistee Realty, where he is still employed.

The business, said White, will take consignments, buy, sell or trade. The store is open from Friday through Monday from 10 a.m. to 5 p.m.

Annual Lovells Open Golf Tourney

The Annual Lovells Open Golf Tournament took place at Wilderness Valley course this past Sunday, the event was held in honor and memory of Pat Harwood, past organizer and originator of the tournament.

The event was a super success with weather cooperation and 38 players from the Grayling and Lovells area taking part in the competition. A good time was had by all.

Trophy and prize winners were: 1st place, Tom

St. Germain; 2nd place, Carl Nielson; 3rd place, Tom LaMotte. Trophy and special event winners were: closest to hole par 3, Fred Schaibly; longest drive, Tom Brogger; biggest duffer, Jim Kinsman.

The Lovells team played by sand traps, bunkers, and thick wooded areas bowed to the Grayling men by a 3 stroke average, however Lovells threatened a comeback in 1980.

We wish to thank Grayling for their donation of a Gold "Pat Harwood"

trophy which was awarded to the winner. Other gracious givers of prizes were Margie Harwood, Warner & Barbara Cheyne of Caid's Grocery, Robert Spencer of Pyramid Construction Co., Rene & Ester Fortier of Lovells Riverside Tavern, and Jack & Betty Burden of Jack & Betty's Motor Lodge.

Sweet Adelines Activities

Mid-Mitten Chapter held an open-house, welcome interested singers at their weekly rehearsal held at the St. Johns Lutheran Church in Houghton Lake on Wednesday, September 19th. As they arrived the guests were given their name tags and pictures were taken with Sweet Adeline members.

Our Director, John Noteware, started the evening with us singing "Sweet Adeline" and we sang more of our songs throughout the evening having our guests follow along and join us. Bev Decess, our president, welcomed the group of guests and explained about our chapter and its goals. The meeting was then taken over by Clara Handy, who demonstrated warming up exercises.

Jan Lorian, Assistant Director, then demonstrated to the girls what makes a Barbershop sound by using four girls, starting with a lead, then adding a tenor (making a duet), then a bass (making a trio), and finally the all important baritone which makes the sound barbershop. She then taught us all a brand new tag using the rote method. After we learned the tag Sue Krause taught us some choreography to go with it to show the guests how the motions come about.

We finished the singing portion by doing some of our numbers with our director and finishing up with our theme song, "Harmonize The World." Punch and cookies were then served the group and a little wood-shedding was done by some girls!

The same such meeting will be held next Wednesday at the same place. We welcome every woman to attend and enjoy the evening with us. On October 3rd and 10th we will meet at the Roscommon High School Choral Room using the same format and welcoming guests to attend. We were pleased to have guests this night from Houghton Lake, Prudenville, Roscommon, Grayling, and even Toledo, Ohio!!

Bride Elect

Mr. and Mrs. Calvin Schreiber announce the engagement of their daughter, Lynn Marie to Patrick Anthony Ferrigan, son of Mrs. Mary Ferrigan. A November 17th wedding is planned.

Celebrate 50th Anniversary

William and Mildred Hoy celebrated their 50th Wedding Anniversary on the 26th of September.

Bill and Millie have been property owners in Grayling Township since 1962 after Bill's retirement they moved up here permanently, making their home on M-72 East, enjoying the north country, a great contrast from the hub of the metropolitan area of Detroit.

Parents of two sons, William (and his wife, Fredalis from Clawson) and Ronald (and his wife Barbara from Garden City) and four grandsons, Art, Bob, Brian and Edgar and a granddaughter, Ann Marie, also two great grandsons, Robert and Chris.

Bill and Millie are active members of the Episcopal Church in Grayling. Their family helped celebrate their 50th by traveling to Grayling with personal good wishes, and a family get together at the William Hoy, Jr.s. at their summer home on M-72 East.

What Happens If Our Schools CLOSE?

FRANKLY, NOBODY KNOWS FOR SURE.
BUT THERE ARE SOME VERY REAL, AND
VERY UNPLEASANT POSSIBILITIES.
HERE ARE JUST A FEW:

1. Dissolve our locally elected school board.
2. Dissolve the Crawford AuSable school district.
3. Appointment of a state bureaucrat to control our schools.
4. Bus our students to the surrounding school districts.
5. Loss of accreditation.
6. Extend the school year into summer of 1980 in order to make up for lost time.
7. Shorten or eliminate vacations, in order to comply with state-mandated 180 days of instruction.
8. Pay out \$17,000 per week in unemployment. This would start immediately upon the closing of school doors.

OUR CHILDREN DESERVE
BETTER THAN THIS.

Public

Announcement

The Michigan Dept. of Transportation has begun acquiring permits for a temporary runaround (road) behind the Fick Amoco Oil Company for maintaining traffic while improvements are made to the D & M Railroad Crossing on M-72 and M-93, in the City of Grayling.

Moving costs, money to assist in the purchase of replacement housing, rent supplements, and other benefits will be available to eligible occupants. Occupants will be personally contacted and given assistance in relocating from the project. They will be provided listings of comparable replacement properties available in the area. Further assistance, as needed to minimize the problems in relocating, will also be provided. Any occupant considering a move should check with the local office located at 100 East Chapin Street, Cadillac, Michigan, phone number (616) 775-3487, before moving, as benefits are based upon occupancy. A brochure describing the relocation program may be obtained at this office. Owner/occupants, in order to be eligible for relocation benefits, must have their property acquired by the State.

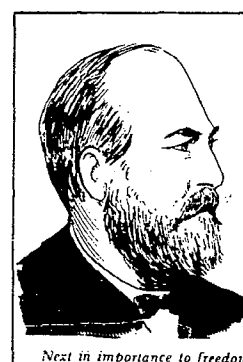

The Michigan Dept. of Transportation conforms to all Department of Transportation policies, as outlined in their Order 5620.1. Specific assurances are provided as to the availability to adequate replacement housing before the acquisition and removal of housing is started on a project. This includes verification that replacement housing is in place and has been made available to all displaced prior to proceeding with construction. A housing study of each project area will be conducted. The study will show if housing is available and determine the cost of decent, safe, and sanitary housing. Replacement housing must be "fair" housing, as required under the Michigan Constitution, being available for occupancy without discrimination because of race, color, religion, sex, or national origin.

To the Editor
Crawford Co. Avalanche
Education is an integral part of one's life and we feel our children deserve the best. It is important for the schools to offer a diversified curriculum to fulfill the talent and potential of all students. Basics alone are no longer adequate. A well-rounded education is essential to young adults in order for them to make the transition into the working world or college. Remember, these young people are our leaders of tomorrow. We urge you to vote yes on October 8th.

Sincerely,
Diane T. Papendick

"The frost is on the pumpkin" — an old expression, but very appropriate for Crawford County this last week. We even had reports of people scraping the windshields on cars. All too soon our summer has gone. We invite you to come in and share meals with us, a good way to fight the Autumn blues. Menus are subject to change, but when you call for your reservations, you can check on what the meal will be. We don't have substitutions very often because Onna and the crew run a very efficient kitchen. Here are the menu selections for the week.

TROOPERS TIGHTEN SPEED LIMIT—Lt. Gov. James Brickley displays Automobile Club of Michigan's "Drive 55 and Bring 'em Back Alive!" bumper sticker as a reminder that Michigan State Police are tightening enforcement of the state's 55 mile per hour speed limit. Troopers now are issuing tickets to drivers who exceed 60 mph and verbally warning those caught traveling between 55 and 60. The speeding crackdown was instituted to assure compliance with federal guidelines. States where more than 70 percent of the drivers are allowed to violate the 55 mph limit without penalty could be denied federal funds for highway projects. "Drive 55 and Bring 'em Back Alive!" bumper stickers are available at all of Auto Club's 55 offices statewide.

Christian Women's Club To Meet

Christian Women's Club of Houghton Lake and surrounding communities will have its second luncheon at the Holiday Inn of Houghton Lake on October 9th from 1:00-3:00 p.m.

The local club extends an invitation to all women of the area to attend this month's luncheon. The meeting will consist of a special feature on "Quilts-Past and Present" by Betty Whitley and Edna Huber. Our soloist is Brenda Hampton and guest speaker is Sandra Jochumsen, a National Representative of Christian Women's Club and former legal secretary from Tampa, Florida.

A nursery will be provided for the luncheon at St. John Lutheran Church, 2888 W. Houghton Lake Drive, and reservations for the children are necessary.

Cost of the luncheon is \$3.75. For reservations for the luncheon and the nursery please call Louise Hammond 422-5489 or Delores Peckham 821-9317 by October 2. Reservations are necessary and cancellations essential. Everyone is invited to bring a friend.

Roach Scores TD In G.V.S. Win

Junior tailback Will Roach of Grayling rushed for 109 yards on thirteen carries last Saturday as Grand Valley State rolled over Northeastern Illinois, 48-7. He tallied one TD in the game which was played in Chicago.

Completes Army Training

Fort Knox, Ky.—Pvt. Dale E. Gauthier Jr., son of Mrs. Rosie Sauls, 5155 Sauls Road, Lachine, Mi., recently completed training as an armor crewman at Fort Knox, Ky.

The training was conducted under the One Station Unit Training (OSUT) program, which combines basic combat training and advanced individual training into one 13-week period.

During the course, students received training in the duties of a tank crewman, including firing the tank's armament and small weapons. Instruction was also given in field radio operations, map reading, and tank maintenance and repair.

His father, Dale E. Gauthier Jr., lives in Grayling.

Services Held For Anthony Gorbe, 70

Anthony P. Gorbe, 70, died at Mercy Hospital on Sunday, September 23, 1979. A Prayer Service was held on Wednesday, September 26, 1979 at 11:00 a.m. at Sorenson Funeral Home. The body was cremated.

Mr. Gorbe was born in Pittsburgh, Penn. on Feb. 5, 1909, a resident of Grayling for 10 years moving here from Melvindale. He had been employed as a metal worker, Experimental Eng., Ford Motor Company.

Survivors include his wife, Margaret; a daughter, Margaret B. Hoehler of Allen Park, brother, Frank Nagy of Lincoln Park; two sisters, Helen Dombé of Allen Park and Verna Nyestee of Dearborn and two grandchildren.

DAV Service Officers School

Norman B. Hartnett, National Service Director, and Paul L. Thompson, DAV National Commander, of the 622,000-member Disabled American Veterans (DAV), will visit Prudenville, on September 29, 1979. On that date they will speak at the DAV Service Officers' School, which will be held from Friday, September 28 to Sunday, September 30, 1979 at the Knights of Columbus Hall (directly across from Johnson's Motor Hotel).

Mr. Hartnett and Mr. Thompson will speak to the group about new veterans' laws and changes in existing laws, and they will answer questions from the audience.

The Service Officers' School keeps the chapter Service Officers up-to-date on changes in VA laws and regulations. Other significant speakers at the affair will include the Director of the Detroit VA Office and other directors from the various VA hospitals throughout Michigan.

The DAV is a Congressionally-chartered, non-profit organization of 622,000 veterans disabled in wartime service. The DAV devotes its efforts exclusively to programs designed to benefit all of America's 4 million disabled veterans and their families.

As a non-governmental advocacy group for disabled veterans, the DAV maintains a staff of 280 full-time National Service Officers, more than 80% of whom are disabled veterans of the Vietnam War. Stationed at Veterans Administration offices across the country, the DAV NSOs counsel veterans and family members concerning benefits to which they may be entitled by law and assist in filing claims.

Bits O'Talk

By Fay Bovee

"A child is a person who is going to carry on what you have started. He is going to sit where you are sitting, and when you are gone, attend to those things which you think are important. You may adopt all the policies you please, but how they are carried out depends on him. He will assume control of your cities, states, and nations. He is going to move in and take over your churches, schools, universities, and corporations...the fate of humanity is in his hands." Abraham Lincoln.

Just a bit of philosophy given to me by a local supporter of children and your schools. Think about it!

Michael Brady of London, England, spent two weeks in Grayling visiting his mother, Mrs. Sadie Brady, and his brothers and sisters. Richard Brady and his mother took Mike back to Traverse City to the airport.

Dick & Mary Allen took Mike back to Mich. State on Saturday, September 15th. He'll be a sophomore. After getting him settled in his apartment they drove to Albion where they saw Rick, who is there as a freshman.

Mr. and Mrs. Carl Bartell visited their daughter, Mr. & Mrs. John Wilson & family of Jackson several days last week.

In Memorium

In loving memory of our Father, Frank LaMotte, who passed away 4 years ago, September 25, 1975.

To the world he may be forgotten,

To some just part of the past;

But to us who loved and lost him,

His memory will always last.

Sadly missed by his five daughters and their families.

Currently, the Crawford-AuSable Schools rank in the **BOTTOM 7%** of Michigan school districts in terms of amount spent per pupil. Obviously, ours is not a school budget full of "fat" or "frills." Being near the bottom, how could it be?

The simple truth is, we have a school system and a school board working continuously to provide our children with a good, solid education at the **LEAST POSSIBLE COST**. Because of this, they deserve our continued support.

halftime. Early in the second half, the Viking defense held Boyne City, forcing a punt. Billy Lucksted hauled in the kick on his own 8-yd. line and scampered 92 yards behind excellent downfield blocking for the Vikes' third score. Schrader converted the x-point and it was 20-0.

Grayling scored its final TD in the 3rd quarter on a 55-yd. drive led by running backs Rocky Tobin, Todd Dunkley and Jerry & Bill Lucksted. The latter Lucksted lugged it in from five yards out but the x-point try failed. That was all the scoring in the contest but the Vikes were threatening again when the final gun sounded.

"Our specialty teams are doing a fantastic job," said Klinger, "they have played an important part in our success so far this season. They've played inspired football and set the pace for our games."

Grayling displayed a balanced running attack with Jerry Lucksted rushing for 43 yds., Bill Lucksted and Tobin added 41 apiece; Dunkley rambled 33 and Junttila, 13. QB Junttila was two for ten in passing for 83 yards, and, according to Klinger, "is improving every game." Billy Lucksted touched the ball six times offensively in the game for the Vikes, tallying four TD's in the process.

Commenting about his defense, Klinger termed their performance "superb". Defensive Guard Matt Mahaney had 13 tackles and tackles Terry Lucksted and Jim Kitch had nine and six respectively. Mahaney also recovered a pair of Rambler fumbles.

The coaching staff cleared the bench during the easy victory with all 32 players seeing action in the contest. "That hasn't happened in a long time," remarked Coach Fred Wolcott.

Kickoff time here at home in the important conference clash with Cheboygan is 7:30 p.m.

In JV gridiron action, Grayling entertained Boyne City here at home last Thursday only to come out on the short end of a 26-14 score. Dan Lucksted scored both of the Viking TD's, one in the first quarter, and again in the 2nd.

Grayling led 14-6 at the half but the Ramblers came out strong after the break and wore down the Viking defense. Coaches Mike Smith and Chuck Spencer noted that Brad Trenary made an exceptional 45-yd. run in the game, setting up one of Grayling's touchdowns. The loss dropped the JV record to 2-1. The squad will hit the road this Thursday to Cheboygan, taking on the Chiefs with the kickoff set for 6:30 p.m.

Get-Acquainted Potluck Held

The entire staff of the Crawford-AuSable Schools held their annual get-acquainted potluck dinner at the American Legion Hall on Wednesday, Sept. 19. About 125 staff members attended and spent the evening visiting and meeting new personnel. As usual the buffet table was loaded with delicious food and Dr. Bill Diederich did the honors of serving the roast. Peg Emerick deserves the credit for organizing the party. She was aided by Jerry Hayes.

bark from the Park headquarters and enjoy the wonders of Mother Nature, ending up back at the camp parking lot. This winter, cross-country skiers will be able to travel the same route while CETA workers continue to work on the additional five-mile loop called "The Beaver Creek Trail."

According to Williams, the theme on the trail's first section will emphasize reforestation after the great timber era with the emphasis thereafter stressing the natural interpretation of Mother Nature. Rest stops have been provided along the trail for visitors to relax and enjoy nature's solitude amongst the towering pines.

Although the project can be funded for only 18 months, circumstances could prompt consideration for a CETA extension beyond the deadline. Williams hopes the entire 8-mile trail can be completed by next summer.

"We like to think of this as interim employment for our workers," he said, "but I can tell you this, it's hard work, all by hand, but we provide the equipment they need." "You know something," he added, "in the early 1900's this was the largest conifer area in this part of the United States, maybe even the entire country."

The hiking and skiing trail is located and starts out at the North Higgins Lake State Park headquarters located on County Road 203 just off Old-27 about 15 miles from Grayling.

The well-marked trails are restricted for use by hikers and X-country skiers, a sport popular to outdoor winter recreation enthusiasts.

Thanks to Williams, whose idea launched the project, the State, and all-out efforts by the Northeast Michigan Manpower Consortium, his dream has become a reality and has added still another year-round attraction for area residents and visitors to enjoy.

Take a leisurely evening or weekend drive and visit the park and new trail - it'll be time well spent. To all involved in the successful project, and especially Bernie Williams, it's "a two-year dream come true."

John Anderson (who?) has a victory plan

RICHARD MILLIMAN

Perhaps this column has done an injustice to a serious candidate for the presidency, and, if so, it should be corrected, if not, forget it.

A couple of weeks ago, I noted that the American Federation of State, County and Municipal Employees threatened to become the first labor union in a long time to desert the Democratic Party and support a Republican for president...that is, unless President Carter shapes up a bit.

AFSCME President Jerry Wurf was quoted as saying, "If a responsible Republican, with a sound platform, emerges as a serious contender next year, then our union and other unions will not support a less adequate Democrat."

While the dozen or so avowed Republican candidates pointed fingers at themselves as a "responsible Republican with a sound platform," an AFSCME spokesman was quick to point out that the only Republican his union could even consider supporting was John Anderson. The Almanack asked rhetorically, with tongue firmly in cheek: "John who?"

John Anderson, of course, is a serious contender for the Republican nomination for president. A ten-term member of Congress from Illinois, he is considered a leader of congressional Republican moderates (or progressives, or liberals—choose your own phrase).

In previous foot-shuffling (but not this year, yet), Anderson even had the public endorsement of Michigan's Gov. Milliken, himself considered a leader of Republican moderates (or progressives, or liberals—again, choose your own phrase).

Anderson, 57, properly considers himself a dark-horse candidate—but he does think he has a good chance, especially in such an uncertain political year.

"It is a year that is going to break all records so far as unusual political happenings are concerned," Anderson noted recently.

He even has his own scenario for an Anderson triumph in 1980.

"I earnestly hope none of the Republican presidential candidates drops out," Anderson recently told an interviewer, displaying a sense of humor laced with reality (or vice versa), which is im-

portant for a person in his dark-horse position, "I hope they all beat each other to death on the right, while I am smoothly jogging down the center of the road, maybe even waving to a few people on the left."

"As I do this, I then can split things up half a dozen different ways, and I think I'll come out looking very well."

"And I haven't had anything stronger to drink than a cup of coffee this morning."

Anderson's appeal obviously is not aimed at down-the-line Republicans.

Those are probably sewed up anyway, by such as Ronald Reagan and John Connally and George Bush and Robert Dole and Howard Baker and Philip Crane and Harold Stassen and a few others.

Washington Post Columnist William Raspberry, took a look at Anderson's candidacy recently, and his position in the present Republican party structure. Republicans," Raspberry wrote.

"One kind, certain that he walks in the path of economic righteousness and political truth, waits with waning patience for the electorate to join him."

"The other kind is John B. Anderson, who sees the necessity of joining the electorate."

"The first kind, preferring conservative orthodoxy to electoral victory, has captured the Republican Party, and seems bent on turning it into a permanent, increasingly irrelevant minority party."

Anderson, says Raspberry, is a "political snail darter," who is convinced the present Republican consensus—that is, the party of the first part—can be thwarted in 1980.

Anderson explained his 1980 strategy a bit further in the Raspberry interview:

"If I can carve out—as I fully intend to do—a genuinely and distinctively moderate and progressive position, I may not be able to generate a majority, but I can emerge out of the pack."

He cited the example of Jimmy Carter, who "emerged with victory" with something like 28 percent of the vote in New Hampshire—"far short of a majority, but a strong enough minority to set him on the road to the presidency."

Jimmy who?

25th YEAR FOR MARY SCOTT BRIDGE WALK—Governor Milliken singled out Roscommon's Mary Scott for her walking achievements at the annual Labor Day Walk at the Mackinac Bridge. This year marked the twentieth year that Mary has walked the bridge and the eleventh that she has walked with the Governor. Mary was presented with a March of Dimes plaque that designated Roscommon County as the Superwalk Champion in North Michigan for the second year in a row. She is the chairman for the Superwalk again for 1979. There will be two walks, one in Roscommon on October 6 and one in Grayling on September 29. Information and sponsor sheets are available in area schools. Mary says: "It is a pleasure and a blessing to enjoy walking. I hope that my friends and neighbors will join me for the Superwalks and help the March of Dimes fight Birth Defects so that all children can walk in the future."

Public Hearing on Land Planning

A public hearing will be held by the Local Planning Subcommittee of the House Standing Committee on Towns and Counties in the Commissioners Chambers, Court House, Gaylord, on Friday, October 5, at 1:00 p.m. The public hearing will be held to give citizens and local officials a chance to discuss their problems in planning for future use of land.

Rational planning for future use of land is vital in Michigan, according to Representative Alice Tomboulia (D-Pontiac), Chair of the Local Planning Subcommittee. But, the best way to handle these plans should be at the local and regional levels rather than through state government.

"We're looking for ideas on what the Legislature can do to make it easier for local officials to do their job in the area of land use planning," said Representative Tomboulia.

"These will be informal hearings, conducted under a 'town meeting' format." As a starting point for discussion, four concepts for legislative action will be presented:

"The establishment of a process to insure that the land planning and community development problems faced by local governments will be conveyed to the state and serve as basis for legislative programs."

"The creation of a local government advisory council to advise state agencies on local concerns and to seek resolution of state-local disputes affecting community development, including a role for regional planning agencies."

"The establishment of policies and processes for state agencies to insure local involvement in agency decision-making."

"The provision of effective technical services from state agencies and regional planning agencies when requested by local governments to solve land planning and community development problems."

SOME PEOPLE THINK THIS IS JUST A ROOM FULL OF BOOKS

But a library is much more than that. It's a wonderful place full of ideas-ideas they just don't have on T.V. It has been said that to encourage a child to read is the greatest gift of all.

It is not a "scare tactic" to say that this library is in danger of closing. On Oct. 8, we can all decide what this will be—a room full of ideas, or just a room full of books....

To The Editor:

I have the inside scoop on the Grayling High School Seniors of 1980. What a pleasure they are!

First, a report on their past month financial ventures. Their "canoe day" showed they netted \$75.00. A special thanks going to Jack & Aggie Trudgeon owners of Borchers Canoe Livery. The garage sale totaled a \$228.00 profit. There were families and seniors donating "treasures", marking prices, returning for the sale with smiles on their faces, and having fun. Such enthusiasm!!

Recently George and I have been involved with the Senior Class concession stands at the boys' football and girls' basketball games, which we found most enlightening. The senior's teacher's and parent's voluntary participation has been overwhelming. It is heartwarming to see their conscientiousness and dependability. If you as a parent or teacher have not had the privilege of working closely with these seniors you are missing a great and rewarding experience.

I had a chance to talk to them on an individual basis. Our Seniors are so very "neat," having goals and positive attitudes. Here are but a few of the career aspirations of these fine young adults. They want to be Nurses,

Veterinarians, Secretaries, Pediatricians, Business Personnel, Medical Doctors, Lawyers and Occupational Therapists.

Seniors, we are proud to have you in Grayling. We are proud that you are our Seniors, (not Roscommon's seniors, not Gaylord or Kalkaska seniors or Mt. Pleasant or Traverse City seniors).

Now for the inside scoop—You Seniors are very special people in Grayling. Keep up your ambitious drive!! You are first class citizens. Thanks for being "you".

THOUGHT FOR FOOD

By GOULD CROOK

Don't Be Wasteful

The article most frequently wasted is bread, every crumb of which should be saved. It can be converted into toast or placed in the oven to dry. When dry it can be ground coarsely and put in jars for puddings, stuffings, or thickening for meat gravies. Other pieces not large enough for toast can be converted into griddle cakes. Don't forget bread pudding!

If you're tired of the economical bread pudding with lemon sauce, try the same in custard cups with raisins for fruit. Butter the cups, fill, and then bake them, standing in a pan of hot water. Cover each one with a teaspoon of bright-colored jelly and it will no longer be a simple bread pudding, but a rich new dish, to be eaten with cream.

Autumn Color is NOW in East Michigan

Bay City—Michigan's forestland areas are just about to change their colors from green to brilliant. This means that Mother Nature is at work in helping make Michigan the diverse, appealing state of all seasons.

The changing forest colors are possibly the most photographed of Michigan's many natural attractions. The season starts in East Michigan at the Straits of Mackinac, usually the last week of September.

To help guide travelers in the East Michigan region this year, the East Michigan Tourist Association has produced a colorful map with five recommended color tours. They include all of the 26 counties encompassing the central and eastern portions of the state north of Flint and Lansing.

The tours are easy to follow on freeways, major U.S. and state trunklines and numbered county roads. Many of the popular tourist towns are included on the tour maps affording fine accommodations, restaurants, attractions and shopping opportunities.

One, two and three-day trips are listed; it would take two weeks to travel all the tours described. Midweek is the recommended time according to the tourist attraction experts as roads and communities are less crowded.

The full color guide is available without charge by writing to: Color Tour Guide, EMTA Log Office, Bay City, Mi. 48706, or by calling the Tollfree in the 517 area, 1-800-322-4825; call 895-8823 from outside the 517 area.

Public Hearings On Review Of Welfare Act 280

Suggestions and concerns regarding the state welfare system will have a chance to be heard in the coming months.

The Michigan Department of Social Services is scheduling two sets of public hearings for that purpose, in October 1979, and April 1980 throughout Michigan.

A public hearing is scheduled for October 2, 1979, at 9 a.m. at Medical Care Facility in Traverse City.

The hearings are in response to Governor William G. Milliken's State of the State message in which he requested a task force to review the social welfare act, Public Act 280, and to conduct public hearings.

Social Services Director John T. Dempsey has appointed a steering committee which will coordinate the activities of seven task force groups.

The Committee to Review the Social Welfare Act, serves as the overall manager and coordinator of task force activities.

The task force groups will review issues in the areas of Michigan assistance programs, medical services, children's services, employment and training, adult and family community services, and federal programs.

Members of the task force groups and the steering committee have been drawn from citizen advocate groups, provider and recipient groups, and MDSS.

Preliminary recommendations of the committee will be due December 1, 1979. Following the second set of hearings in April, the committee will issue a final report July 1, 1980 regarding the recommendations.

SENIOR CITIZEN'S CORNER HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Changes In Effect

Significant changes are in effect this year for the senior members of the nation's work force. Civilian employees of the federal government can no longer be forced to retire because of age. In addition, firms with 20 or more employees are affected by the extension of the minimum mandatory retirement age to 70.

However, the law now requires that pensions be 100 per cent no later than age 65 for workers who have been with a firm at least 10 years. This means that the employee can decide to retire at any time between the ages of 65 and 70 at full pension.

Sixty-five remains the age for receiving social security benefits — and after that, earnings of more than \$4,000 a year will reduce social security payments.

But such persons will be earning a bonus of one per cent for each year worked past 65 when they eventually do retire. For example, if you worked until 67, your checks would be two per cent more than if you retired at 65. Medicare also will continue to become available at age 65.

Besides private industry, the law covers workers for state and local governments, where the minimum mandatory retirement age also advances to 70.

Editor's Mailbox

I am a wife, mother, and teacher. Our family moved into Crawford County from Ann Arbor, Michigan four years ago. We were very pleased to find a school district teaching the basics. Coming from a large, very liberal, school system we felt our children lacked emphasis on a basic education. We found Crawford AuSable School District offered a well-rounded education with emphasis on the basics.

So, we can not understand what all the fuss is about "getting back to the basics". Crawford AuSable School District is there. Perhaps if people would seriously look into the school system and study the curriculum they could see that.

Many big cities feel they have such superior educational systems, and many do, but Crawford AuSable schools presented many challenges to our "big city educated children" and the challenges were found to be in basic subjects.

As parents we will not settle for anything but the best for our children. They do not always get the best, but we make an honest effort to do the best for them. One thing we will not settle for is less than a quality education. We do not feel our children should receive less than a quality education so that we can change the taxing process of education and property. They did not create the problem and their education must not suffer because of it. Know matter what goes on between now and forever, if the millage fails our children will suffer. That is the bottom line.

I wrote an article a few years ago about how some children "boomed" when we began singing "America" and how we all must work together to build their respect for each other. I am pleased to tell you we have made great progress and we Thank You for it. Now some people are showing these very children just how to use people as scapegoats to accomplish an end, by using the children to show the government that we want a change in our taxes.

As a teacher I would like to challenge a statement heard more than once about children who graduate from high school and can not write their names. I have yet to hear the specific name of any child in this position. Did you know that, as it should be, parents have the final word in every decision regarding their child's education? Perhaps if you were to review the school record of these people who can not write their names you would find that at one time or even many times the teachers and administrators recommended the child be retained a year or even have need for special help in one or more areas of study and perhaps the parents, who have the final decision, declined the suggestions and opportunities. There is no way a school system can hold a child back a grade or give special help if the parents do not approve. Believe me, many parents do not approve. So, of course, some children will keep moving through school. As teachers and administrators we have no choice if the parents refuse to help and want the child to move on, the child moves on no matter what. There could be a multitude of reasons for a child not writing his name after graduation—please do not be so hasty to blame the Crawford AuSable School District.

As teachers, sure we want to keep our jobs, just the same as everyone. We are professionals and will be whatever we are called upon to do, but will not like doing less than the very best for our children, your children and your grandchildren. Thank You,
Mrs. Peggy Emerick

Attend the Church of Your Choice

THE STEEPLEJACK

Look closely . . . in this picture a man is risking his life!

An old and respected trade is his. It had its beginning centuries ago when Christianity first began to express its devotion in unique forms of architecture. How could Christians proclaim constantly their faith in Christ? How could they lift the eyes of others to behold the Lord of Life?

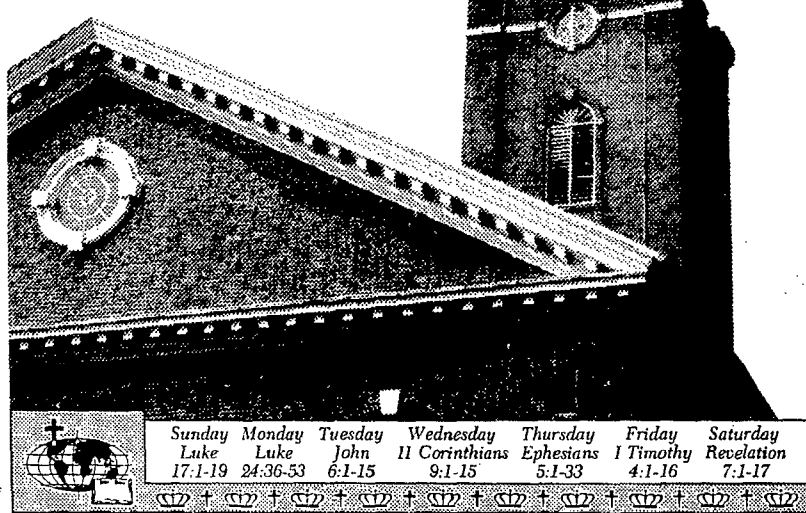

Soon, over gabled village roofs rose gleaming spires. And men who tilled the fields, and men who trod the lanes, rejoiced to behold the symbol of Faith.

Then one day cities replaced villages . . . skyscrapers dwarfed the spires of God. And so, on the day this picture was taken, ten thousand people passed by and never raised their eyes. Only a few looked upward and thought in mild surprise, "Why, isn't that a man way up there on the steeple?"

Yes. A MAN. One of hundreds of millions whose skill and courage continue to be needed as the Church fulfills its mission.

Maybe your church doesn't have a steeple. But it has a task to challenge your skills . . . your courage.

Special School Election

NOTICE OF SPECIAL ELECTION OF THE ELECTORS OF
CRAWFORD AU SABLE SCHOOL DISTRICT
CRAWFORD, OTSEGO AND KALKASKA COUNTIES, MICHIGAN
TO BE HELD
OCTOBER 8, 1979

TO THE ELECTORS OF THE SCHOOL DISTRICT:

Please Take Notice that a special election will be held in the school district, on Monday, October 8, 1979.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M. AND CLOSE AT 8:00 O'CLOCK, P.M.

The following propositions will be submitted to the vote of the electors at the special election:

I. TAX RATE LIMITATION INCREASE PROPOSITION FOR OPERATING PURPOSES

Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, be increased by 17.9 mills (\$17.90 on each \$1,000.00) on state equalized valuation for the year 1979, for the purpose of providing additional funds for operating purposes (15.65 mills of the above increase being a renewal of 15.65 mills for operating purposes which expired with the 1978 tax levy and 2.25 mills being additional operating millage)?

II. ADDITIONAL MILLAGE PROPOSITION

Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, be increased by 1 mill (\$1.00 on each \$1,000.00) on state equalized valuation for the year 1979, for the purpose of providing additional funds for operating purposes (this being a separate proposal in addition to the increase submitted in Proposition I at this same election)?

THE VOTING PLACES ARE AS FOLLOWS:

PRECINCT NO. 1

Voting Place - Gymnasium of the Grayling Middle School Building, in the City of Grayling, Michigan. The first precinct consists of all the territory of the former Grayling Public Schools.

Regular Meeting
September 11, 1979

Members present: Bernard Fowler, Elizabeth H. Wieland, Evelyn Gardiner, Marvin Hallett, Floyd Millikin

Members absent: None

Others present: Cal Brenner, Claude Halstead, Sue Brenner, Colleen VanNuck, Allen VanNuck, Mark Kibbe, Mary E. Harland
Meeting was called to order at 7:35 p.m. Motion by Millikin, supported by Hallett, the minutes of the Regular Meeting of 8-14-79 and the Special Meeting of 9-4-79 be approved as written. All Ayes. Treasurer's report was given. Motion by Hallett, supported by Wieland, it be accepted. All Ayes.

1. Notice of a hearing scheduled by the Public Service Commission for Consumers Power Company relative to charges and credits in monthly billings for purchased and net interchange power adjustments was received.

2. Notice of bi-monthly hearings scheduled by the Public Service Commission for Top O Michigan Rural Electric Company was received relative to adjustment costs being reflected in monthly and seasonal billings.

3. A Millage Reduction Fraction Table was received from Crawford County reflecting compliance with the Headlee Amendment. Reductions are required in the three school districts and the county.

4. Correspondence from A.J.D. Forest Products, Inc. was received relative to assistance and co-operation given in their purchase of Lake Woods Forest Products, Inc.

5. An up-date in interest rates was received from First Savings and Loan Association.

6. A copy of the Annual Report of the Crawford-Roscommon Soil Conservation District was received.

7. Notice of a meeting scheduled by the Northeast Michigan Economic Development Association was received relative to a proposal to form a fourteen-county economic development program.

8. Correspondence from Senator Mitch Irwin was received extending an invitation to visit his office and discuss local governmental problems.

9. Correspondence from T.W. Van Winkle relative to Zoning restrictions particularly in the Green Belt and AuSable River Zones was received and reviewed.

10. Correspondence to Supervisor Fowler relative to the ribbon cutting ceremony of Northern National Bank was received.

11. Fowler reported the Statement of Assurances, Federal Revenue Sharing Program, was filed for the Eleventh Entitlement Period.

12. Correspondence from Kenneth D. Wright relative to the Building Inventory being conducted was received and discussed. Fowler will contact Mr. Wright and inform him of the Board's intent and reasoning for leaving a card indicating a Township representative had visited the property.

13. The Legislative Review received from Representative Ralph Ostling was reviewed highlighting worker's compensation reform, the Headlee Amendment, Wetlands, Welfare, Home Heating Assistance, and Traffic crimes.

14. Fowler reported he had received correspondence from the Road Commission indicating they had received a legal opinion prohibiting the sale of inventory to other municipalities. Gasoline will be purchased locally.

The County Commissioners are pursuing the creation of a Transportation Authority, consisting of two or more governmental units. A meeting has been scheduled early in October to discuss the matter. Some of the provisions to be stipulated in the organization of such Authority are, by-laws, make up of governing bodies, policies, advisory committee, and ownership of property.

Fowler also announced he had submitted his resignation as Airport Manager to the County Commissioners effective no later than 10-31-79. The CETA projects recently applied for were not approved, but with much work by Commissioner Bonkowski several sustaining slots had been obtained for the County and awarded to the Township for use at the Airport.

Van's Lumber expressed an interest in bidding the T-hangers proposed for rental use at the Airport. The painting project has been completed. Some concern was raised by the Military over the threshold displacement compliance required by the Corp of Engineers. The road project should be completed by spring. Fowler has recommended four people to be interviewed by the new manager and consideration be given for a bookkeeper. A sealer is being applied to the ramp and should be completed this fall.

Harland inquired if the Airport budget had been cut. Fowler explained a cash flow problem exists in the County and the expense of the hangar door originally spread over a three year period was paid fully from this year's budget upon audit recommendations.

15. The Planning Commission report was given. Motion by Gardiner, supported by Millikin, to accept the recommendation of the Planning Commission and adopt Ordinance No. 2 (19), an Ordinance to amend the Zoning Ordinance as follows:

Let's End the Corrupting Influence of PACs

by DAVID COHEN

Once Congress' summer recess ends, the House can do something constructive about reducing the influence of the new breed of campaign contributor - political action committees of corporations, unions and countless other pressure groups. Commonly known as PACs, their growth has been unparalleled.

Political action committees have increased in number from fewer than 600 in 1975 to over 1900 in 1979. Corporate committees have increased from 89 to over 800 in the same period. Political action committees gave \$12 million in 1974 to congressional candidates. In 1978, the figure rose to more than \$35 million. Incumbents outspent challengers by a ratio of more than two to one, but received at least three times as much as their challengers in special interest group contributions.

We have hardly seen the beginning of how PAC dollars talk in Congress. For example, energy-related PACs in 1974 numbered 12; in 1978 the number of committees had increased to 110. The National Automobile Dealers Association increased its donations to House and Senate candidates from \$14,000 in 1974 to almost \$1 million in 1978, and the contributions from the National Association of Realtors increased from \$261,000 to \$1.1 million in the same four year period. That is just the tip of the iceberg. Roy Paquette, the director of the Realtors' PAC predicts a dramatic increase in his committee's giving. "Our potential is just starting," said Paquette.

The growth of PACs is no accident. They do not give to congressional candidates because they are civic-minded. As Justin Dart, Chairman of Dart Industries said, dialogue with politicians "is a fine thing, but with a little money they hear you better." Mr. Dart represents one of the largest corporate PACs.

PAC contributions are investments for members of Congress to enact favorable legislation. PAC contributions have a very special quality - they are donations with a purpose. They are invariably associated with Washington lobbyists and organized lobbying programs.

Special interest power is held together by campaign dollars that bring special access for favored legislation.

congressional decisions - on dairy price supports, on regulation of the banking industry, on labor legislation, on energy pricing policy. The current system of PAC financing of congressional campaigns is a costly one for the American taxpayer. It leads to more government subsidies, to unfair tax treatment and to regulations that protect narrow economic interests. It rewards those special interest contributions with millions of dollars in favorable economic benefits at the expense of the consumer.

However, impressive momentum is building in Congress to restrict these special interest contributions. The Campaign Contribution Reform Act limiting PAC contributions to House candidates was introduced shortly before the congressional recess. Led by Representatives David Obey (D-Wis.) and Thomas Railsback (R-Ill.) it is sponsored by a bipartisan group of more than 100 Representatives.

The legislation would cut in half the maximum contribution a PAC may give any House candidate.

It would limit each candidate to an overall total of \$50,000 from all special interest committees. One hundred seventy-six candidates in 1978 received more than \$50,000 in PAC contributions. This was three times the number of candidates who received that much in 1976.

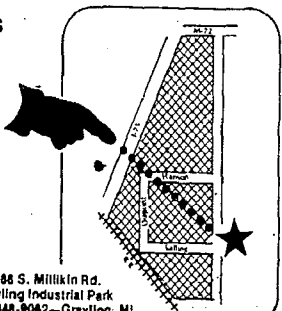

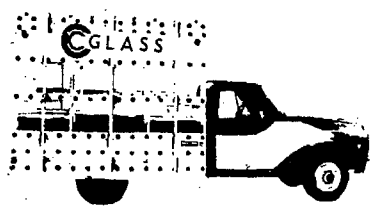

Members of the House will have a clear chance in mid-September to make a major decision concerning PACs. Are they for the present system of allowing PACs to dominate campaign financing or are they willing to stand up to the PACs and vote to curb the worst abuses? A vote for the Obey-Railsback bill is something the House can do to stop the corrupting influence of PACs.
